OBJECTIVE

Enthusiastic future Computer Science student with a strong pre-engineering background, seeking a Python internship to expand my programming skills. Passionate about using Python to create impactful solutions, with particular interests in data analysis and web development.

Looking forward to exploring the fields of Artificial Intelligence and Machine Learning, where Python's fundamentals will be essential. Eager to contribute to innovative projects, enhance my technical abilities, and grow within a forward-thinking and collaborative environment.

CERTIFICATION

DataCrumbs

- *Ultimate Python Bootcamp* 2024

Udemy

- *Python Programming Language* 2024
